Personal Portfolio

Technical Skills

- Django
- FastAPI
- Python
- Go lang
- Git
- Html, CSS, Bootstrap
- Celery
- Java Script
- Docker
- MySQL
- PostgreSQL
- Nodejs
- Microservice
- CI-CD
- Redis

Personal Skills

- Leadership qualities
- Problem solving
- Adaptability
- Multi-tasking

Certifications

- HTML, CSS, and Javascript for Web Developers

  From Coursera

- Programming with Google Go.

  From Coursera

About Me

Software Engineer with 4+ years of experience building scalable backend systems and microservices using Python (Django, FastAPI) and Golang. Skilled in REST API development, CI/CD integration, and Docker-based deployments. Passionate about creating efficient, reliable software while continuously improving technical skills and contributing to collaborative, high-quality engineering teams.

Professional Experience

- **Beinex Consulting Ltd**
  Senior Software engineer / ***2023-Present*** Hybrid, kerala
  - Created RESTful APIs with Django, FastAPI and Go - enabling seamless communication between front-end and back-end systems.
  - Actively participated in agile development methodologies,attending daily stand-ups, sprint planning, and retrospective meetings to facilitate efficient project delivery.
  - Implemented CI/CD integration, microservices architecture, and Poetry-based dependency management to enhance scalability and deployment efficiency.
  - Collaborated with cross-functional teams on architecture decisions and technical strategy.
  - Mentored junior developers, promoting continuous knowledge sharing and conducting code quality reviews.
- **Epixel Solutions Pvt. Ltd**
  junior Software engineer / ***2021– 2023*** Palakkad, kerala
  - Developed and maintained robust web applications using a diverse tech stack, including Django, Golang, and Node.js.
  - Collaborated with cross-functional teams to gather and analyze requirements, translating them into efficient and scalable software solutions.
  - Contributed to the full software development lifecycle, from concept and design to coding, testing, deployment, and ongoing maintenance.
  - Managed version control using Git, ensuring efficient codebase maintenance, version tracking, and collaboration across the development team.
  - Proficiently utilized containerization technology, Docker, to streamline deployment processes and ensure consistent application environments.
  - Managed PostgreSQL databases using SQL queries, Django ORM for efficient data interaction. Designed schemas, ensured accuracy, improved query performance, and maintained security while collaborating with teams to meet business needs.

Education Background

- Bharathiyar university
  Bsc. Computer Science
  2018 - 2021
  Palakkad, kerala
- Govt. Polytechnic college palakkad
  Diploma in Computer Hardware Engineering
  2018 - 2021
  Palakkad, kerala
